

PARTNERS FOR ENVIRONMENTAL
COOPERATION IN EUROPE

Invitation to Forum Meeting and Networking Event

Thursday 1 February 2007. Central Hall Westminster, London.

Dear Colleague.

I am very pleased to invite you to the Forum Meeting of Partners for Environmental Cooperation in Europe (PECE), followed by a Networking Event and Reception, from 13:00 on Thursday 1 February 2007.

The Forum Meeting will be an opportunity for representatives from each PECE member organisation to review progress made since the last such meeting in September 2005, and agree our goals for the year ahead.

The programme will include a range of speakers and I am particularly pleased that Ian Pearson MP, Minister for Climate Change and the Environment, has agreed to open the event. There will also be a series of thought provoking and interactive break out sessions including:

- *It's about more than planting trees!* Tackling environmental issue in innovative ways.
- *Is your partnership working? Prove it.* Measuring and evaluating partnership success.
- *Testing the water.* Finding partners in the EECCA region and working with business.
- *Is there anybody out there?* Communicating effectively with your stakeholders across the region.

The second part of the event will be a dynamic speed networking event followed by a drinks reception. This unusual format will provide an excellent opportunity for you to improve your contacts with over 100 organisations that share your interests or have others that are complementary to yours.

The secretariat will be sending you further details, including a registration form, in the coming weeks. I hope you are able to attend this event.

Graham Hand
PECE Chairman
